Musharibhuja, Bholahat, Chapainawabganj

### Career Objective

Passionate Frontend Developer with strong skills in React.js and growing expertise in Next.js. Enthusiastic about building modern, responsive, and user-friendly websites. Efficient in task management and always eager to learn new technologies, even if they feel challenging at first. Creativity, problem-solving, and continuous learning drive my work. Currently focused on mastering cutting-edge frontend tools to build better interfaces and meaningful digital experiences. Determined to grow as a professional developer and shape my career with dedication and consistent improvement.

### Technical Skills

**Expertise:** JavaScript (ES6), React.js, Tailwind CSS, HTML5, CSS3, Firebase

**Comfortable:** Next.js, REST API integration

**Familiar:** Axios, React Query, JWT Auth,

**Tools:** GitHub, VS Code, Netlify, Vercel

**Soft Skills:** Teamwork, Communication, Time Management , Team Collaboration

### Projects

#### **Motorio** || Services ( November 2025- November 2025)

[Live](#) || [GitHub](#) || [Server](#)

This is a friendly website where you can view any cars you like. You can also see who the owner of each car is. You can change your profile anytime you want. Here, you can easily move from one page to another and explore all of our services.

- **Easy Car Management :** Here, users can easily add a new car, book a car, and view all details without any difficulty. Every user's data is fully protected — one user's information cannot be viewed by anyone else.
- **Smart Search System :** Here, you can search for the car you need simply by typing its name. You can also learn more about us from the "About Us" section.
- **Tools Used :** React, Tailwind CSS, HTML, JavaScript (ES6), DaisyUI, Framer Motion, React-Toastify, SweetAlert2, Firebase / MongoDB, Vercel, Netlify, etc.

#### **Hero.io** || Application ( October 2025- October 2025)

[Live](#) || [GitHub](#)

This is an installed website where you can download any app you want by simply entering its name. You will also find a beautiful chat feature here. You can also check how much data each app requires.

- **Easy App Management :** Here, you can see which apps you have installed, and even if you delete any app, you can download it again anytime. Everything works smoothly and without any difficulty.
- **Smart Search & Ratings :** Here, you can search for any app you want just by typing its name. You can also check the ratings of each app before downloading.
- **Tools Used :** React, Tailwind CSS, HTML, JavaScript (ES6), and more.
